About the Company

The DEBEX company has been on the market for more than 30 years. It was founded in 1980 in Switzerland where it still has its headquarters to this day. From a small company it has grown into a modern mass-production factory, which sells its products all over Europe.

The main activity is a picture frame production, which is currently concentrated almost completely in its daughter company Ramex a.s. in Slovakia. Another daughter company Debex Ukraine was founded in Ukraine. It deals in MDF boards as well as picture frame components. Both subsidiaries directly deliver to customers throughout Europe.

At the present time the DEBEX Group employs around 150 people in its modern companies consisting of production, sales, logistics and associated departments. DEBEX only sells its products to wholesalers, importers, big stores, and other picture frame manufacturers. Nowadays DEBEX delivers to more than 30 different countries.
