upgradeable minibars

U32 ▸ 40 Lt

UPGRADEABLE

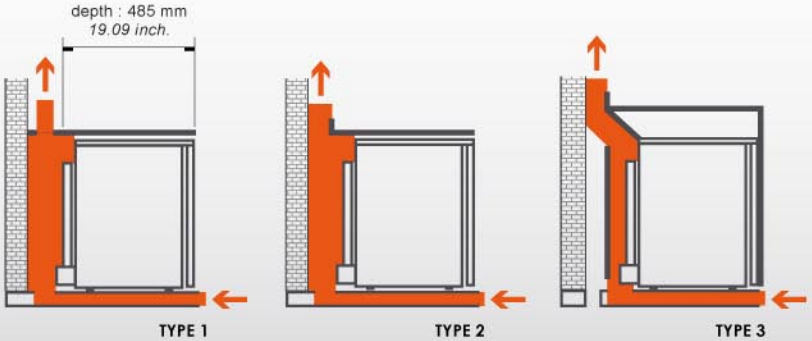

U32

U32 *Special finish*

Why invest in a manual minibar when you can afford Bartech's new "U" model for the same price, a precabled minibar that will be ready to become fully automated as and when you require according to your budget? What seemed impossible yesterday is now a reality thanks to Bartech who allows you to afford new technologies without putting a strain on your investment. Choose "U", the only high quality minibar that allows you to step into the future

240 cm² / 38 inch² clear area for airflow

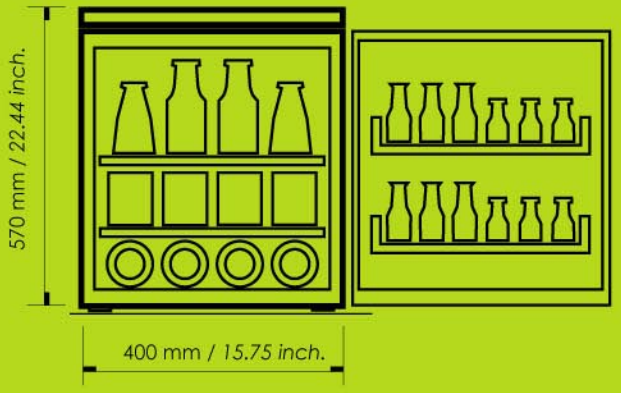

The minibar must be properly ventilated. A channel for air circulation under the minibar, passing up over the cooling unit and exhausting out of the minibar cabinet is mandatory.
A 50 mm free space is recommended between the wall or cabinet back and the cooling unit.

STANDARD U32

FEATURES	*Thermostat*
	Embedded handle
	Door color : black, other colors available on request
