S.T.A.M.P.S.®

change

S.T.A.M.P.S.® S.T.A.M.P.S. is perforated on all sides, is 42 mm x 42 mm in size and 9 mm thick, with a large face, a 3-hand branded mechanism, a 2-year replaceable battery and special adhesive from 3MScotch on the back and a very ingenious adhesive it is too: it does not just stick properly, it is also easy to remove and resticks many, many times – and gives S.T.A.M.P.S. the necessary support on every occasion. Every S.T.A.M.P.S. is guaranteed for 2 years – the only thing it is not, is waterproof.

Stick it on anything, anywhere you like. Remove it if you want and stick it again or wear it on your wrist, around your neck or on your pony-tail.

Break it.

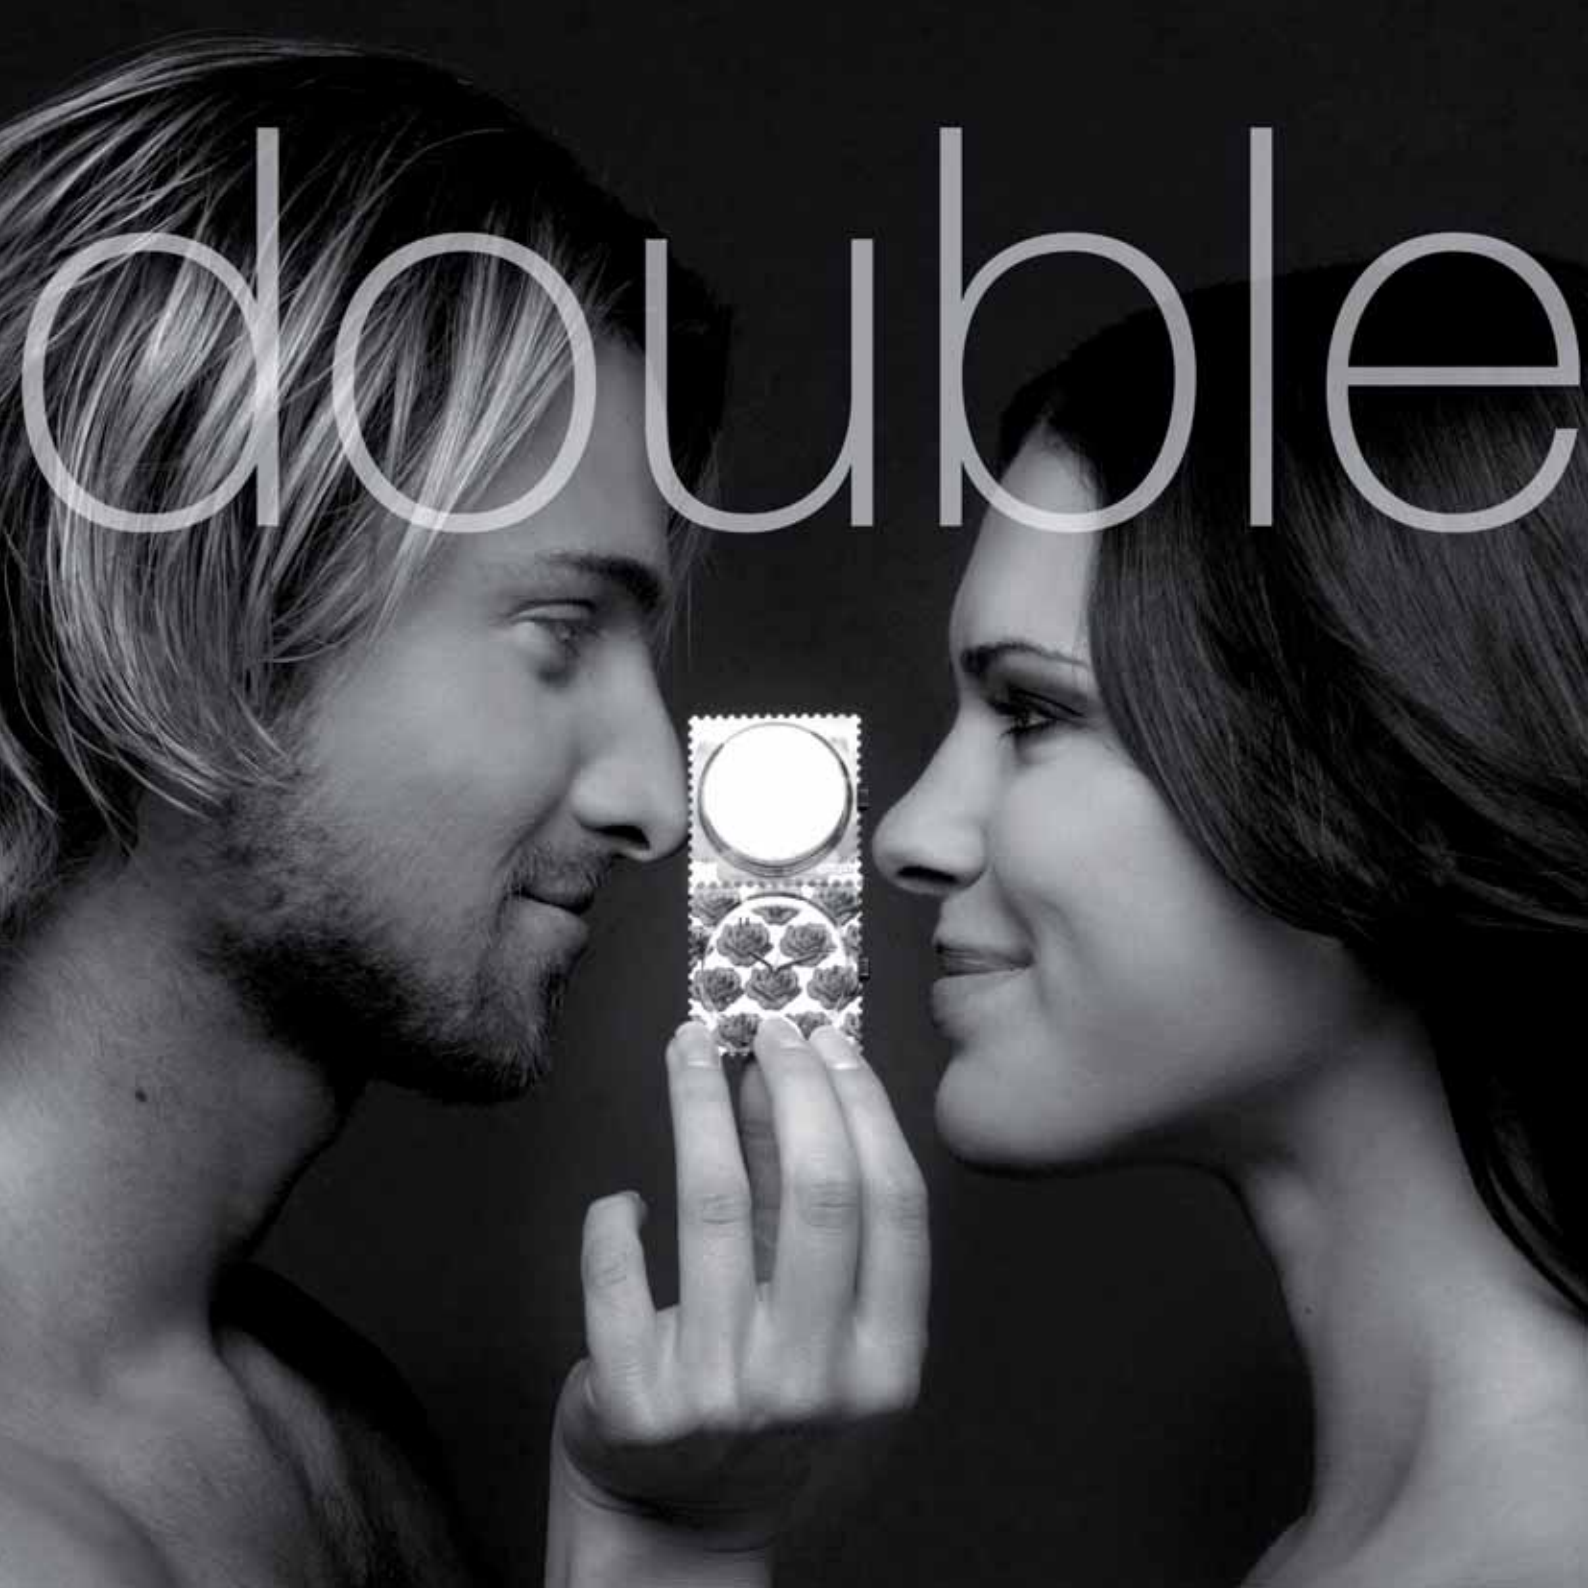

Peel off adhesive foil on back.

Find something to stick it on to.

The designer Luis was born in 1972 and graduated in Graphic Arts. Today, he works and lives in Paris. In his work as an artist, illustrator, graphic designer and Art Director he co-operates with famous brands such as Dockers, Eastpack, Renault, Oxbow, Canal+, Van's.
It is never too early to be one step ahead of trends, as real "fashionistas" know! The artist Luis followed this idea when designing the French Collection.
Thanks to the power of the graphic composition, the pureness and intensity of the individual colours, each model becomes an original gift, a hot fashion accessory and makes this collection of S.T.A.M.P.S. a great collectors' item.
